We create something different so people may live differently.

EDITOR'S NOTE

Jalan Ampang
The Floating Fantasy Garden

“ Many years ago, Arte was just another word, but today it has grown to a recognizable brand known for its extraordinary themes & lifestyle facilities. In the past, we were like most developers, driven by the bottom line. But as we cultivated our passion in creation, it grew far beyond that. Now, we view profits as secondary to elevating the Arte Series brand to a whole different dimension.

Our future direction for Arte Series is to set ourselves apart by striving to build the unbuildable, pushing creativity with unimaginable concepts and of course enhancing our property values for you, our Arte owners. Our achievements today are only made possible by your belief and trust placed in us to create something different, so that people may live differently.

If the building looks ordinary,
it would not be an Arte!

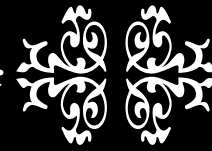

THOMAS CHAN

JOINT MANAGING DIRECTOR
NUSMETRO

A culmination of 20 years of experience in property development with 7600 commercial & residential units completed, the Arte Series by Nusmetro brings living differently to whole different dimension.
